TECHNICAL DATA : Parisienne M

(please see conditions below)

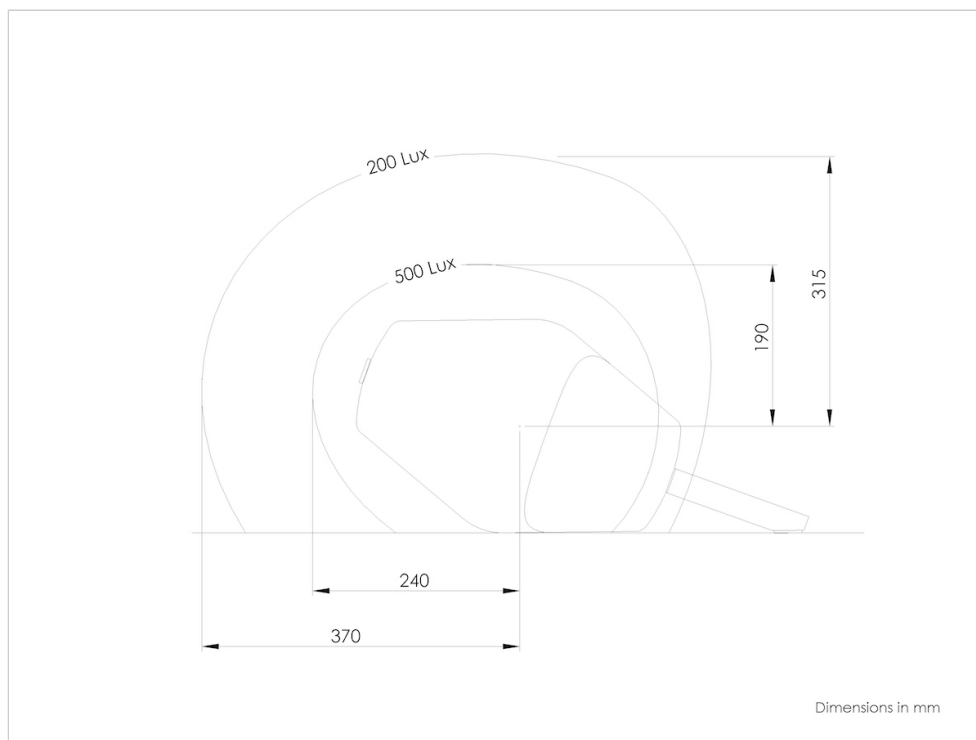

Done on-line on March 27 2017

DESCRIPTION : Table lamp. Aluminium and brass structure. Finishes are mirror pale gold. The shade is in glass, partially sandblasted.
LED lighting, 13W, 600Lumens.
Integrated converter.
Weight: 5kg.
Size: 54x25x25cm.
Compliance: CE Class I.

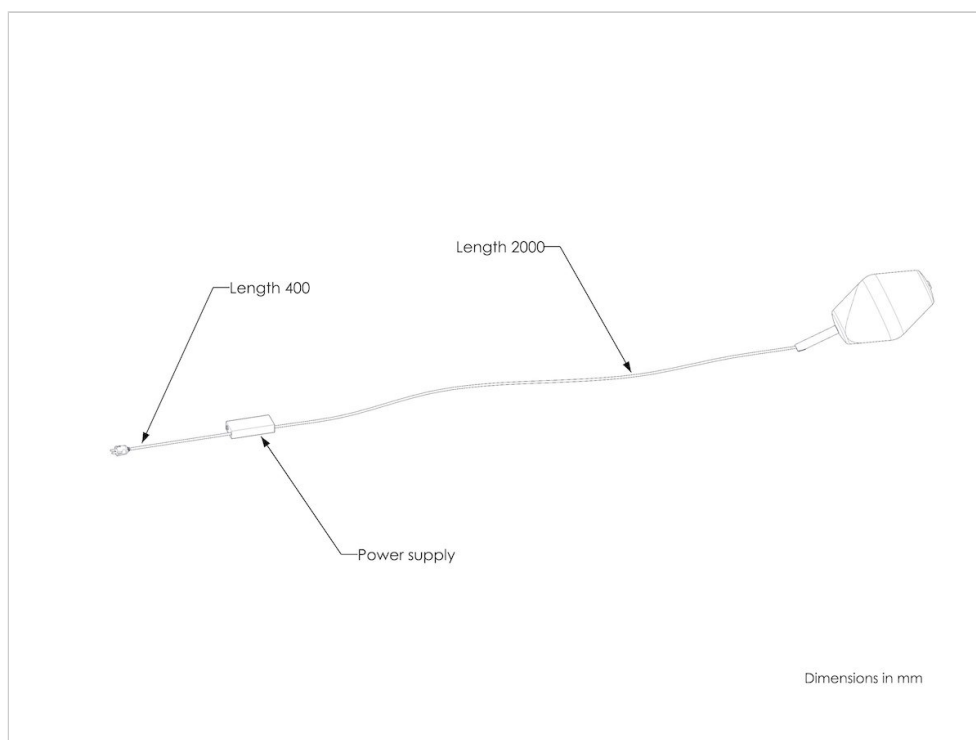

FUNCTION : The lighting provides a diffusing light through the glass shade, softening the shadows. The light output is 600 Lumens equivalent to a 60W incandescent bulb. The light intensity can be dimmed from 1 to 100%. A gold light is produced by CITIZEN brand LED 2700°K, with a CRI>95 and a yield of 100lm/W. Energy efficiency: A+.

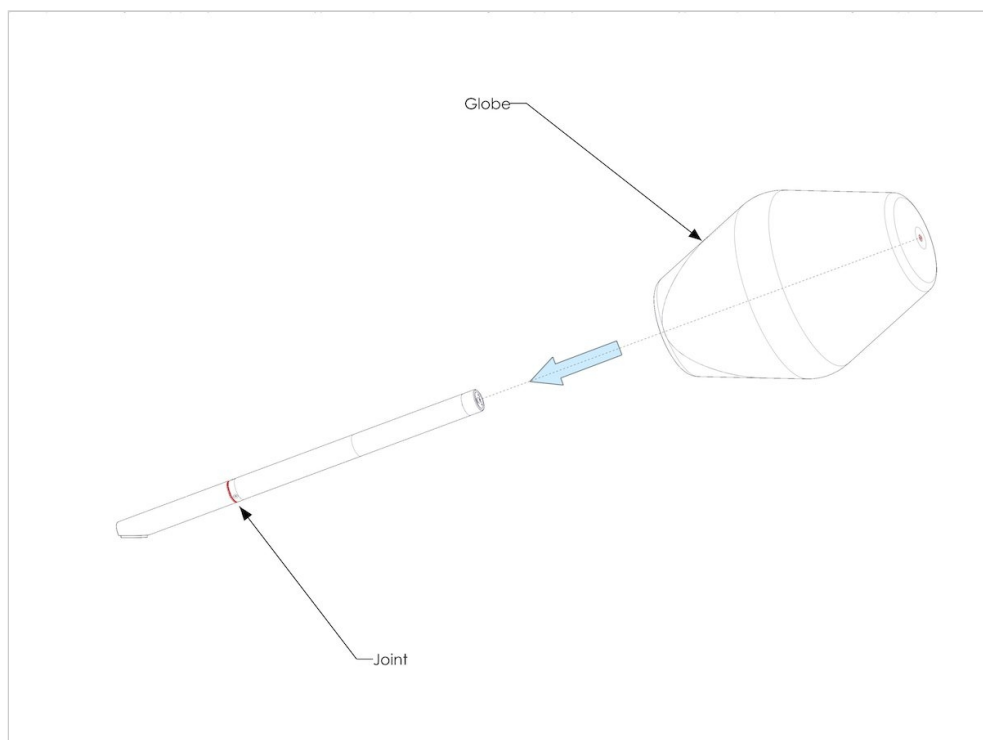

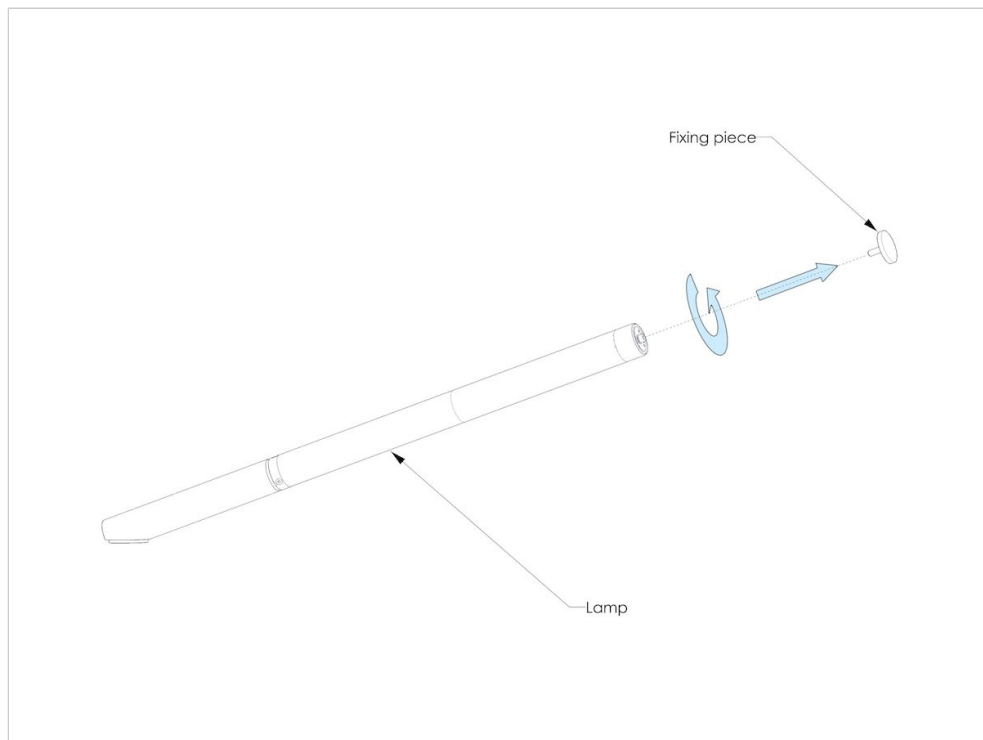

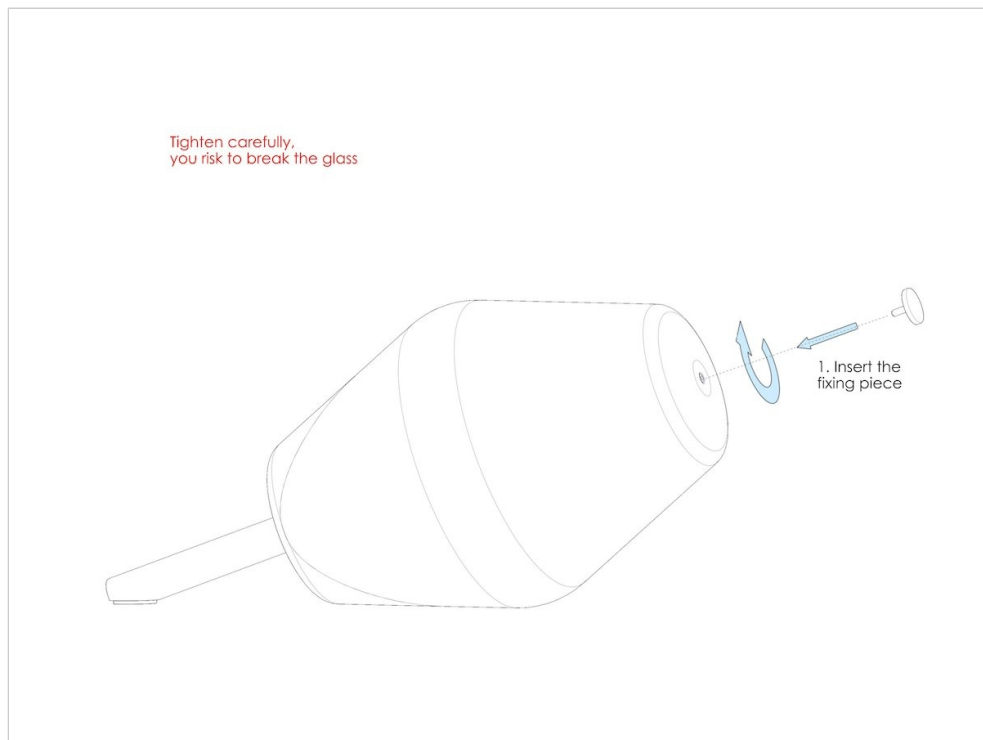

ELECTRICAL CONNECTION : Power is provided by a power cable and network 230VAC plug with earth. Its length is 2m. The lighting consumes 13W.

IMPORTANT: Plug CE or UL or UK or CH

MOUNTING : Mount the glass diffusing shade to the main structure following the attached plan.

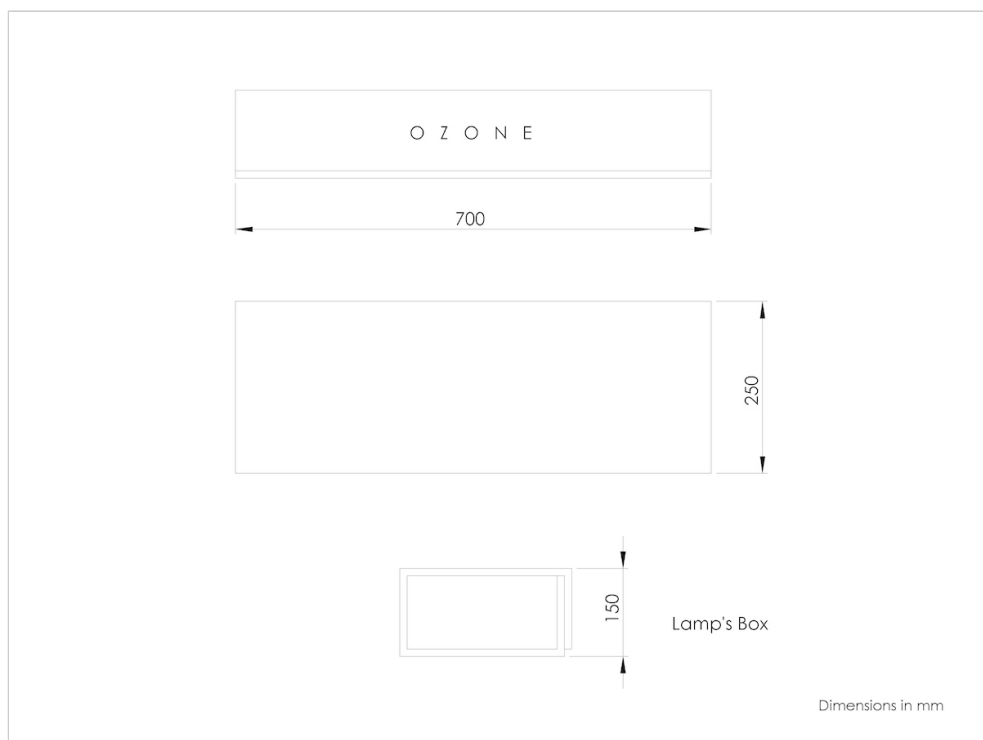

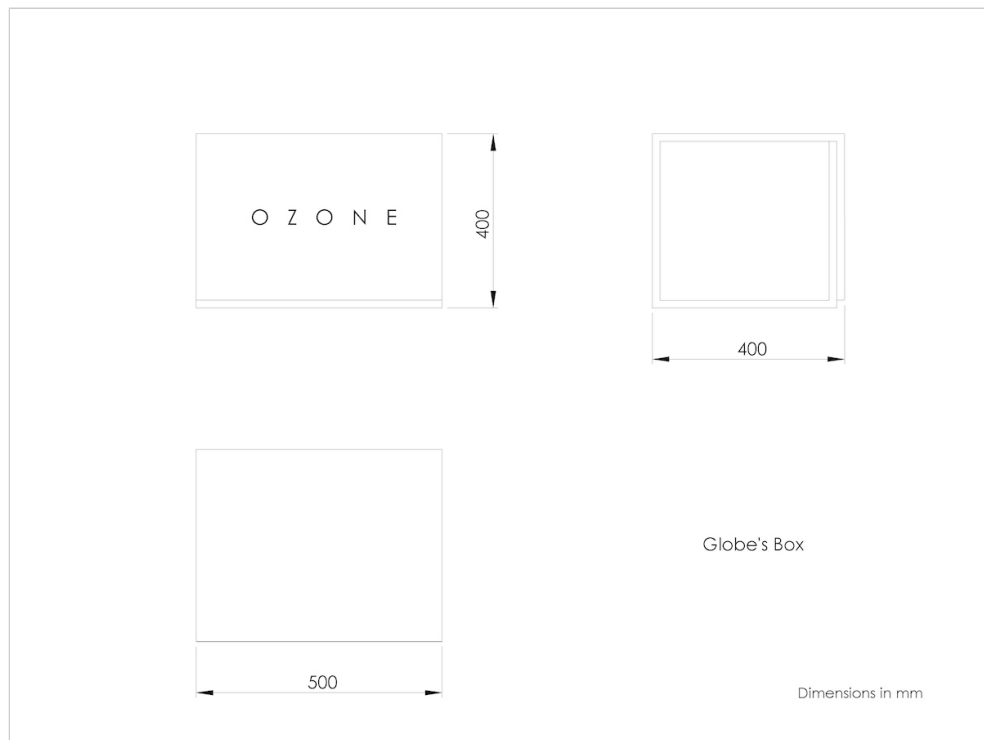

PACKAGING : The lamp is protected by 2 cardboard, wood and polyurethane foam packagings.

Weight light included: 5+5kg.

Dimensions: 50x40x40cm + 70x25x15cm.

MAINTENANCE : The base cleaning is done with a white soft damp cloth. For some traces locally you can use a soft cloth with glass cleaner. The glass diffuser cleaning is carried out with a dry cloth. For some traces can be used locally with a soft damp cloth carefully.
