

INSTRUCTION SHEET OF CEILING MOUNTED PROFILE

Cautions:

1. Make sure the power stay on power "OFF" position before safe operation;
2. The installation operator must hold a qualified electrician certificate.
3. Check the lighting fixture and accessories before installation. If there is any damage in lamp body or glass ,please stop the installation.

Measure the distance between the 'gyra tools' and make the appropriate holes on your ceiling.

Screw the gyra tools to your ceiling

Connect the power supply to the terminal block inside the profile. you can use the reomended hole of the profile to pass the cable, or open a new one.

Apply the profile to the 'gyra tools' when they are 30° turned

Push the protrusion of the 'gyra tool' while pressing the profile on the ceiling direction to lock it.
