plastic
plug

2X
medium
screw

2X
short
screw

2X
brass
screw

1X
rubber
tube*

* for clamp installation only

FACTORYLUX®

USER INSTRUCTIONS

TOOLS REQUIRED

- Drill + 6mm masonry bit
- 6mm + 4mm flat head screwdrivers

INSTALLATION NOTES

- Pendant combinations vary. Instructions are for ceiling rose installation only

INSTALLATION (MASONRY SURFACE)

WARNING: Must be insulated and earthed in accordance with current wiring regs

1. Drill 2 x 6mm holes x 30mm deep at 50.8mm centre spacings
2. Insert plastic plugs into holes
3. Use 6mm screwdriver and supplied medium screws to fix pattress to surface (alternatively, use supplied short screws only to fix pattress to a timber surface)
4. Slide rubber tube over luminaire cable end (clamp only)
5. Feed cable through clamp/gland and secure grub screw with 4mm screwdriver
6. Locate rubber gasket between surface cup and pattress
7. Use supplied WAGO connectors to make L, N and \downarrow connections (as per 'wiring diagram')
 - Flip integrated orange lever up to open position
 - Insert exposed conductor to stopping point
 - Return lever to closed position
8. Secure surface cup to pattress using brass screws

TROUBLESHOOTING

No user serviceable parts. In the event of failure, fault or damage contact our tech department via factorylux.com

YOUR PRODUCT

Thank you for purchasing this Factorylux product. It has been designed and finished in the UK to give you many years of reliable service. Please read these user instructions carefully. All user instructions available to download at factorylux.com

WARNING

- Installation in accordance with current wiring and building regs and by a competent person only. Find an NICEIC registered contractor at factorylux.com
- For indoor use only
- Bathroom installation by authorised contractor only
- Shut off power to the circuit before installation
- Rubber tube improves cable anchorage (clamp only)
- Ensure clamp/grub screws are secure - WAGO terminals must be relieved from strain and twisting
- Always use fixings appropriate for the mounting surface (screws supplied may not be suitable)
- Clamp / cord grip max weight load 5kg
- Always consider the total weight load when installing and suspending your light
- Ensure luminaire cord is min 0.75mm² CSA and double insulated
